Assignment 1	Due Mar 26
Part A - Question bank	Posted Feb 29
Part B - Question Bank	Posted Feb 29
QUIZ - Unit 1	Due Feb 5

The screenshot shows a Google Docs document titled "UNIT 1.docx". The document content is as follows:

**UNIT 1**

**WEBSITE BASICS, HTML 5, CSS 3, WEB 2.0**

**Web server:** is a program or a computer that can provide services to other programs called clients.

**Web client:** this is a computing term which describes a special program designed as a user interface, through which messages are sent to a web server. Web clients usually operate within a web browser window, although some are installed to a mobile or computer as downloadable software.

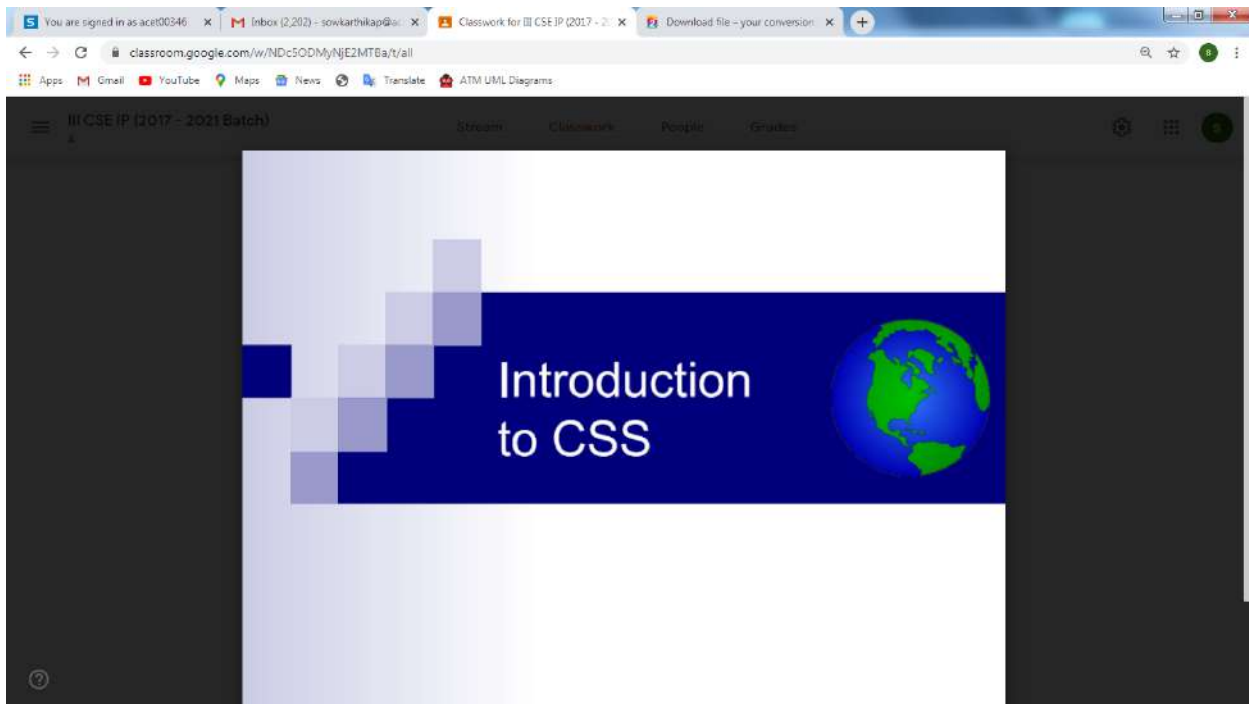

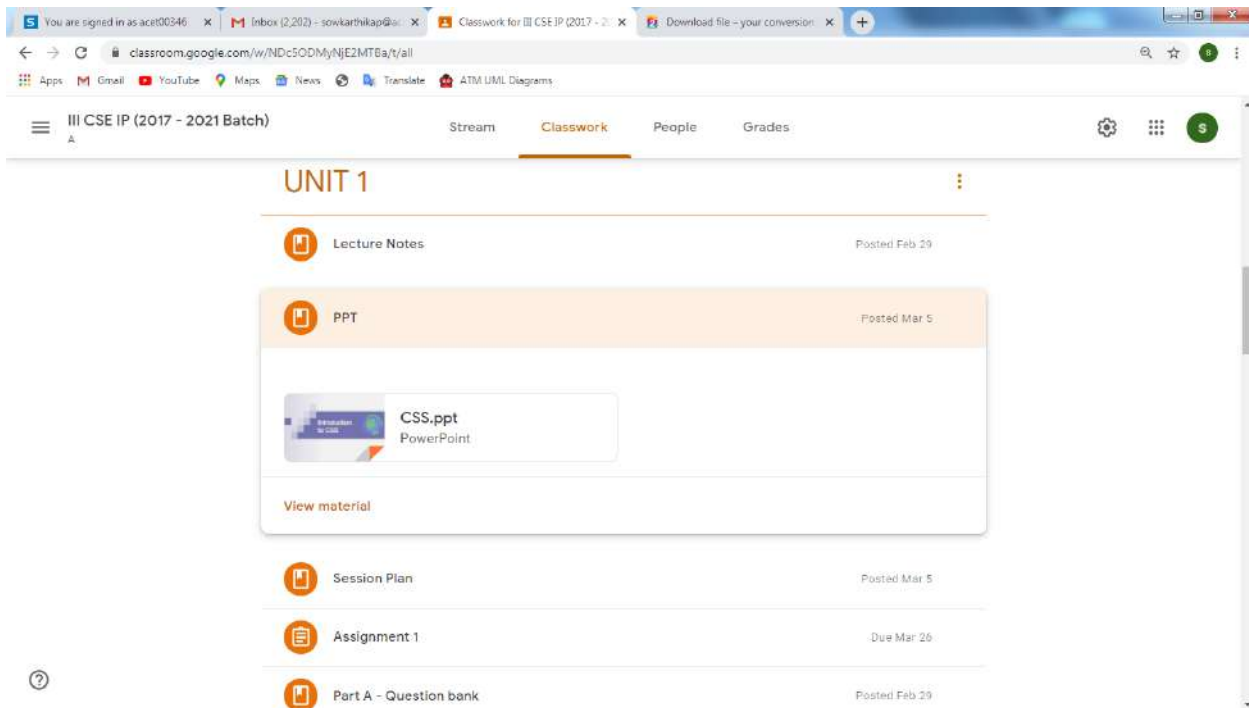

**Client server communication:**

Client-server model is a distributed application structure that partitions tasks or workloads between the providers of a resource or service, called servers, and service requesters, called clients.<sup>10</sup> Often clients and servers communicate over a computer network on separate hardware, but both client and server may reside in the same system. A server host runs one or more server programs, which share their resources with clients. A client does not share any of its resources, but it requests content or service from a server. Clients therefore initiate communication sessions with servers, which await incoming requests. Examples of computer applications that use the client-server model are Email, network printing, and the World Wide Web.

In general, a service is an abstraction of computer resources and a client does not have to be concerned with how the server performs while fulfilling the request and delivering the response. The client only has to understand the response based on the well-known application protocol, i.e. the content and the formatting of the data for the requested service.

Clients and servers exchange messages in a request-response messaging pattern. The client sends a request, and the server returns a response. This exchange of messages is an example of inter-process communication. To communicate, the computers must have a common language, and they must follow rules so that both the client and the server know what to expect. The language and rules of communication are defined in a communications protocol. All client-server protocols operate in the application layer. The application layer protocol defines the basic patterns of the dialogue. To formalize the data exchange even further, the server may implement an application programming interface (API).<sup>11</sup> The API is an abstraction layer for accessing a service. By restricting communication to

### NPTEL VIDEO COURSES FOR ELECTRICAL AND ELECTRONICS ENGINEERING

Sl.No.	TITLE
1.	Analog ICs, Basic Electrical Technologies
2.	Chaos, Fractals & Dynamical Systems
3.	Circuit Theory, Control Engineering
4.	Digital Integrated Circuits
5.	Digital Signal Processing
6.	Dynamics of Physical Systems
7.	Electromagnetic Field for EEE Students
8.	Embedded Systems
9.	Energy Resources & Technology
10.	Estimation of Signal and systems
11.	Illumination Engineering & Electric Utility Services
12.	Industrial Automation & Control
13.	Industrial Instrumentation
14.	Intelligent Systems & Control
15.	Networks & Systems
16.	Networks Signals & Systems
17.	Power Electronics
18.	Power System Analysis
19.	Power System Operation & Control
20.	Power Systems
21.	Power Systems Dynamics
22.	Advanced Control Systems
23.	An Introduction to Electronics Systems Packaging
24.	Power System Dynamics and Control
25.	Advanced Control Systems
26.	High Voltage DC Transmission
27.	Power System Dynamics & Control
28.	Switched Mode power Conversion

**CENTRAL LIBRARY DETAILS INCLUDING DIGITAL LIBRARY**

**2.3.2 Teachers use ICT enabled tools for effective teaching-learning process**

The management has granted a special attention on the development of the library as a hub on the campus. The library has determined program to create best services possible. The library is fully automated using Modernlib library software. The user has access to the entire collection through the latest technologies like CD, DVD and Video courses. Library has access to DELNET, NPTEL, and DELNET (IESTC) online Journals. Systems are available with multimedia facilities

- The library operates beyond college hour up to 6:00 p.m
- Books for competitive examinations are issued to the students
- Each faculty member can avail 6 books and retain for 6 months and each student can avail 3 books and retain for 15 days, after which renewal is permitted.
- A library hour is allotted per week for accessing library resources to develop the reading habits
- Best user award has given for the students in every department

**LIBRARY SERVICES**

- Photocopying Service
- Reference Service
- Circulation Service
- Digital Library Service
- Scanning service
- Printing service
- Inter Library Loan Service
- News paper clippings service

Central Library details including digital Library		
Books	Total No. of Volumes	20908
	Total No. of Titles	8434
Journals	National journals	54
	International journals	18
E-Journals	DELNET (IESTC)	1378
	IEI	5
CD & DVD	1423	
Back volumes	591	
Projects	958	
News Papers	12	
Electronic Resource Management package for e-journals	DELNET,DELNET IESTC(1378 Journals),IEI-5 Journals	
Library Website	Available <a href="http://www.acetcbe.edu.in/library/#verticalTab1">http://www.acetcbe.edu.in/library/#verticalTab1</a>	
In house/ remote access to e-publications	Available (\\192.168.1.249, \\192.168.1.250 – NPTEL Videos)	
Library automation	Available (Modernlib library software)	

Total number of computers for public access	15 computers
Total number of printers	1
Internet bandwidth/ speed	54 Mbps speed
Institutional Repository	College magazines, conference proceedings, college advertisements, college programs news clippings Students projects, Back volumes, Old question papers, Class notes, college year book
Content Management System for e-learning	NPTEL(329 Video Courses,342 Web Courses) , DELNET

## Webinar on Enhancing the Productivity in Design using KBE Tools - a Report

Webinar on Enhancing the Productivity in Design using KBE Tools was conducted on 27.05.2020 at Akshaya College of Engineering and Technology, Coimbatore, organized by the Department of Mechanical Engineering.

Webinar was conducted through google meet platform with students and Faculties from various colleges in Tamilnadu.

Dr.S.Nagaraja, HOD/Mech welcomed the gathering of the webinar. Dr.S.Sendhil Kumar, ASP/Mech delivered his talk on the introduction, concepts, and tools of the KBE.

It was followed by the application of the KBE tools with a detailed case study by Mr.E.Dileep, Senior Design Engineer, V-TORK Controls, Coimbatore.

Through this webinar, students have gained knowledge on the application of the KBE Tools in the design process.

### National Level Webinar on Career growth opportunities in Manufacturing Process: Non-Ferrous Die Casting - A Report

A National level webinar on career growth opportunities in manufacturing process: Non-ferrous Die Casting was conducted on 15.10.2020 at Akshaya College of Engineering and Technology, Coimbatore. It was organized by the Department of Mechanical Engineering. Webinar was conducted through google meet platform with the 168 students and 59 Faculties from various colleges across India.

Webinar started by 10.30 am with the Prayer song, followed by the welcome address by the Dr.S.Nagaraja, HOD/Mech and Felicitation address by Dr.J.Jaya, Principal.

Enlightening speech was delivered by the Resource person of the webinar Er.S.Muralidharan, Vice President, GSB Aluminium Pvt Ltd, Chhattisgarh, India. Through this webinar, students have gained knowledge in the manufacturing process of non-ferrous die casting process.

## MEMORANDUM OF UNDERSTANDING

Between

**GUVI Geek Network Pvt., Ltd (GUVI)**  
Chennai

And

**Akshaya College of Engineering and Technology**  
Coimbatore

As per this MOU, GUVI is chosen as the Official Partner for providing Online Technical Courses for the Academic year (2012-2016) of Department- CSE / EEE/ ECE and (2015-2019) batch students of Akshaya College of Engineering and Technology, Coimbatore to strengthen their technical and logical thinking skills ensuring profitable results by excelling in their career. This MOU will continue for an initial period of one year, whereupon it shall be reviewed and may be extended based on the mutual written agreement between both the parties.

This MOU may be revised through the mutual agreement of both parties.

Also, this includes One Year Free Subscription for the students registered via [www.guvi.in](http://www.guvi.in) to access technical videos. The technical training programs will be conducted based on the mutual agreeable terms.

**Note:** Any utilization of the content/materials across the mentioned network shall be subject to prior written approvals.

In witness to this agreement, the following individuals append their signatures on behalf of their Parties

For GUVI GEEK NETWORK PVT LTD  
For GUVI

(Mr. Arun Paul S)

Chief Catalyst

Date: 14.07.2015
