AKSHAYA COLLEGE OF ENGINEERING & TECHNOLOGY

VISION MISSION STATEMENT

VISION

To develop into a premier institution for disseminating quality technical education by establishing best practices in teaching, learning and research, capable of making significant contribution to individual and societal empowerment.

MISSION

- To achieve academic diligence through effective teaching-learning process.
- To foster cooperation between industry and academia.
- To prepare the graduates for life-long learning by adopting ethical and responsible engineering practices.
- To encourage entrepreneurship and develop sustainable technologies for the benefit of global society.
- To establish State-of-the-art facilities and techniques to facilitate quality education.

DEPARTMENT OF CIVIL ENGINEERING

VISION

To produce quality Civil Engineers having domain knowledge embedded with research capability, ethical and moral values, for the welfare of humanity.

MISSION

DM 1: To produce knowledge based Civil Engineers by focusing theoretical studies with field orientation.

DM 2: To engage the students in creating design Solutions for real life problems associated with industry and society.

DM 3: To inculcate entrepreneurship culture along with professional ethics among the civil engineering students and also promote use of modern tools and techniques for sustainable economic growth.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

DEPARTMENT VISION

To produce competent Computer Hardware and Software Engineers by imparting quality Technical Knowledge, Research Capabilities, Employability, Entrepreneurship and Human Values, to derive meaningful solutions to problems in industry and society.

DEPARTMENT MISSION

DM 1: To provide quality academic environment that would help the students acquire domain knowledge in Computer Science and Engineering concepts through technology enabled learning process.

DM 2: To prepare the students for careers in IT Industry, encourage Entrepreneurship and mould them to acquire leadership qualities for the betterment of the society through value based education and industry linked initiatives.

DM 3: To produce professionals for carrying out research in cutting edge technologies in Computer Science and Engineering by providing an inspired learning environment.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

VISION

To develop into a centre of learning in Electrical and Electronics Engineering by imparting quality and value based education among the students and mould them as professional engineers to meet the challenges in Industry and society.

MISSION

- DM1:** To educate the students in fundamental concepts of Electrical and Electronics Engineering by technology enabled learning.
- DM2:** To have collaboration with core electrical Industries and Universities to equip the students with knowledge and skill to cater to the industrial needs.
- DM3:** To impart human values and social responsibilities to the students, thereby making them responsible citizens.
- DM4:** To support entrepreneurial activities with a willingness to serve the society for Technology development in energy engineering.
- DM5:** To periodically update and upgrade the laboratory infrastructure and strive for establishing a centre of excellence in solar energy.

Department of Electronics and Communication Engineering

VISION & MISSION

VISION

To become a most sought after centre of learning in Electronics and Communication Engineering to produce engineers possessing domain knowledge with research focus to meet socio-economic needs.

MISSION

- DM1:** To adopt a systematic and technology enabled teaching- learning process with an ability to contribute for research.
- DM2:** To develop electronics and communication engineers with managerial skills and life-long learning practices, for sustainable economic growth beneficial to the society.
- DM3:** To establish centre of excellence in VLSI technologies and Embedded systems and provide a creative environment with industry linked initiatives for encouraging innovation.

Department of Mechanical Engineering

VISION

The Department strives to inculcate a sound knowledge in Mechanical Engineering and Allied areas along with realised social responsibilities to enable its students to combat the current and impending challenges faced by our country and to extend their expertise to the global arena.

MISSION

DM1: To impart sound knowledge in Mechanical Engineering with proper mix of theory and practical courses through a system of Teaching –learning process satisfying the students, teacher and industry.

DM2: To expose the students to allied disciplines so that the students, on completion of the course, get good opportunities in industries and higher education or can start their own industries.

DM3: To promote Research and Development Activities and conduct Continuing Education programs for the skill upgradation of the faculty and offer quality educational service to the students.

DEPARTMENT OF MECHATRONICS ENGINEERING

VISION & MISSION

VISION

To develop competent Mechatronics Engineers by imparting quality education in industrial automation with a focus on employability, research capability, entrepreneurship and human values.

MISSION

- DM1: To adopt transforming teaching-learning strategies in the field of Mechatronics Engineering by providing innovative and value-based education with relevant industrial exposure in basic domain and interdisciplinary areas.
- DM2: To nurture entrepreneurial skills with social and ethical values and develop the students for life-long learning to achieve professional excellence.
- DM3: To provide the facilities for implementation of automation techniques in realistic environment to meet the needs of industry and society.

DEPARTMENT OF SCIENCE AND HUMANITIES

VISION AND MISSION

VISION

To produce competent Engineers and Scientists by imparting quality Education in Mathematics, Science and Communicative English to develop Research Capability, Employability, Entrepreneurship, Human and Ethical Values so as to meet the challenges in the technology driven society.

MISSION

DM1: To provide an academic environment that would help the students to acquire analytical and scientific knowledge through a teaching-learning exercise focusing fundamental concepts.

DM2: To prepare the students for careers in industries and mould them to become an entrepreneur and as a leader.

DM3: To sow the seeds of research in Engineering and Technology by providing facilities oriented towards applied science.
