The days of national importance like Independence Day, Republic Day, Teachers Day, Engineer's Day, International Women's Day, Pongal Celebration, Pooja Celebration, Onam Celebration, International Yoga Day, World Environment Day, National Science Day, etc., were celebrated with great enthusiasm and festivity. Independence Day and Republic Day are celebrated with various formal events including flag-hoisting and March-Past. The club of the departments conducted many events like Elocution, Essay Writing, Debate, etc.

The institution really paves the way for the student's welfare without compromising on the quality of teaching-learning process which is the hallmark of the institution. Despite the fact that the institution lost a few working days due to the Covid-19 Pandemic, it managed to complete all of the important tasks related to the Teaching-Learning process, curricular and co-curricular activities, and overall, it was another successful year for Akshaya College of Engineering and Technology.
