## GREEN POLICY

Green policy at Akshaya College of Engineering and Technology has been created with the main focus for environmental conservation and with an aim to maintaining the ecosystem of the campus and conservation of nature and natural resources.

The institution identifies the following as key areas for the conservation:

- ✓ Energy Management
- ✓ Solid Waste Management
- ✓ Environmental Air Quality Assessment
- ✓ Conservation of natural flora and fauna in the campus

The institution believes that awareness built among the students and staff will help achieving continuous improvement and conservation in all of the above areas. The institution has a good number of full grown trees spread all over the campus. The institution has already established and well maintained the environment with specific emphasis to energy, solid waste management, air quality and natural flora and fauna. Apart from this, the following initiatives have been planned for ensuring green environment in the campus.

- ✓ Celebrating National and international day of importance pertaining to environment and green practices to provide awareness to students and staff.
- ✓ Landscaping the campus with trees and plants.
- ✓ Ensuring that the water bodies are kept clean.
- ✓ Prohibiting roaming of vehicles in the campus beyond a point.
- ✓ Promoting use of bicycle for moving around inside the campus.
- ✓ Grooming good practices for waste disposal among students.
- ✓ Ensuring that the water path of rain water harvesting facilities are kept clog less.
