NISP (National Innovation and Start-up Policy)

About NISP

The National Innovation and Start-up Policy 2019 for students and faculty in HEIs was launched by Hon'ble Minister of Education, Shri Ramesh Pokhriyal 'Nishank' on 11th September 2019 at AICTE, New Delhi.

This policy intends to guide HEIs for promoting students' driven innovations & start-ups and to engage the students and faculty in innovation and start up activities in campus. The policy aims at enabling HEIs to build, streamline and strengthen the innovation and entrepreneurial ecosystem in campus and will be instrumental in leveraging the potential of student's creative problem solving and entrepreneurial mind-set, and promoting a strong intra and inter-institutional partnerships with ecosystem enablers and different stakeholders at regional, national and international level. The policy is being implemented by MoE's Innovation Cell and in coordination AICTE, UGC, state/ UT governments and universities. Implementation of policy has been undertaken for quick adoption by HEIs. The present policy is a way forward to the earlier version of AICTE's Start-up Policy which was launched in the year 2016 to complement the Startup Action Plan under the Startup India and Stand-up India Program launched by Hon'ble Prime Minister of India.

Vision

- To develop and convert the resources for generation of man power capable of doing cutting edge research & innovation and deep-tech entrepreneurship.
- To envisage an educational system oriented towards startups and entrepreneurship opportunities for students and faculty.
- To provide ways to develop entrepreneurial agenda, handling Intellectual Property Rights (IPR) ownership, technology licensing, and equity sharing in Startups established by students and faculty.
- To fetch high-quality technical human resources in terms of IPR ownership management, technology licensing, and institutional startup policy, thus enabling the creation of a strong novelty and Startup ecosystem across Akshaya College of Engineering and Technology.
- To help students and faculty so as to make them visible that entrepreneurship is all about creating a business, which is financially successful.

Mission

- To generate, support and cultivate a vibrant Start-up ecosystem in Akshaya College of Engineering and Technology resulting in innovation and entrepreneurship driven employment and economic growth.
- To enable the institute to actively engage students and faculties in innovation and entrepreneurship related activities.
