ANNUAL REPORT

ACADEMIC YEAR 2024-2025

ANNUAL REPORT

ACADEMIC YEAR 2024-2025

Akshaya College of Engineering and Technology (ACET) aspires to create an academic environment embedded with knowledge and professional ethics. The institution offered 8 programs in UG, 3 Programs in PG and Ph.D in the Faculty of ICE during the academic year 2024 – 2025.

The UG programs were:

- B.E. Civil Engineering.
- B.E. Mechanical Engineering.
- B.E. Mechatronics Engineering.
- B.E. Electronics and Communication Engineering.
- B.E. Electrical and Electronics Engineering.
- B.E. Computer Science and Engineering.
- B.Tech. Artificial Intelligence and Data Science.
- B.Tech. Computer Science and Business Systems.

The PG programs were:

- M.E. Structural Engineering,
- M.E. VLSI Engineering,
- M.E. Computer Science and Engineering.

Ph.D. in Faculty of ICE

Akshaya College of Engineering and Technology (ACET), established in 2009 and affiliated with Anna University, stands as a center of excellence in technical education. Founded by the Akshaya Charitable Trust, the institution began its journey with four undergraduate programs and has since expanded to offer a wide range of B.E., M.E., and Ph.D. programs, reflecting its growth and commitment to academic advancement.

ACET aims to nurture young minds by fostering deep knowledge in engineering and technology while upholding strong ethical values. The college promotes inclusive education by offering financial aid, concessions, and scholarships to support students from economically disadvantaged backgrounds, ensuring that no deserving student is left behind.

To support academic success, ACET offers a well-planned and comprehensive infrastructure that meets the rigorous standards of Anna University. Facilities include:

Modern classrooms

State-of-the-art laboratories

A well-stocked central library

A fully functional auditorium

Comfortable hostel accommodations

And dedicated staff rooms designed to provide a quiet, professional space for faculty to prepare lessons, collaborate, and engage in administrative work.

The institution integrates innovative teaching methodologies, combining traditional instruction with visual aids, digital tools, and web-based learning platforms. Through the use of Google Classrooms, faculty members share study materials, assignments, and resources, streamlining the teaching-learning process and enhancing student engagement.

ACET actively promotes intellectual growth beyond the classroom through regular webinars, seminars, guest lectures, and industry interactions. These activities enrich the academic environment and help students stay updated with current trends in technology and research. The college also maintains strong industry connections, enabling students to secure placements in leading companies across India.

Demonstrating its ongoing pursuit of quality, ACET is NAAC accredited and has been granted autonomous status by the University Grants Commission (UGC). This autonomy allows the institution greater flexibility in curriculum design, assessment methods, and academic planning, enabling a more industry-relevant and student-centric education.

As a testament to its academic standards, the Departments of Computer Science and Engineering (CSE), Electronics and Communication Engineering (ECE), and Civil Engineering have all received accreditation from the National Board of Accreditation (NBA). This recognition highlights ACET's commitment to maintaining excellence in technical education and continuous improvement.

With a student-friendly administration, a focus on value-based learning, and a culture of collaborative inquiry, Akshaya College of Engineering and Technology continues to shape competent professionals who are not only technically sound but also socially responsible, ready to contribute meaningfully to the world.

National holidays were observed with great pomp, including Independence Day, Republic Day, Teachers Day, Engineers Day, International Women's Day, Pongal Celebration, Pooja Celebration, Onam Celebration, International Yoga Day, World Environment Day, National Science Day, and so on. There are other ceremonial ceremonies held to honour Independence and Republic Days, such as flag hoisting and March Past. The college's clubs hosted a variety of events, including Science Projects, Elocution, Essay Writing, Tamil Debate, Quizzes, and more.

One of the most notable aspects of the educational institution is that it genuinely offers a route for students' wellbeing while upholding the standards of the Teaching-Learning process. In Akshaya College of Engineering and Technology, apart from Teaching Learning process, extracurricular and co-curricular activities was also given equal importance creating a great campus life.
